

ARIDA

ARIDA is a full service private security company providing security solutions and services to individuals and corporate organizations to meet the ever evolving security challenges in Nigeria. Our methods are tested, trusted, efficient and advanced. While maintaining the highest level of standards, we aim to be the best provider of creative security solutions.

ARIDA security employs a rigorous hiring procedure and increased security vetting for its personnel. Its personnel have the relevant credentials and licenses, the highest levels of training (far exceeding the minimum requirements mandated by the Nigeria Security and Civil Defense Corps Amendment Act of 2007), and meet the top standards in accordance with the PGC regulations.

At ARIDA, we provide first-hand innovative tools and resources to help our ever dynamic team in the delivery of quality service, unparalleled and personalized security solutions specific to the individual, corporate, and environmental needs of our respective clients.

Mission

To always be a step ahead in providing premium security solutions to meet the security needs of our clients, and contribute to a safer Nigeria.

Vision

To become the go-to security provider for both homes and businesses, by deploying cutting-edge technology that streamline and simplify the process of managing security risks.

Core Values

Professionalism: We provide our services in an organized, timely, and responsible manner; always portraying the right attitude towards work.

Integrity: We act ethically at all times and deliver on the promises we make.

Collaboration: We work together as a team and work with our clients, regulators and other key stakeholders to ensure delivery of premium services and security solutions to our clients.

Why Choose ARIDA?

ARIDA provides specialist security services delivered by trained, highly skilled, well presented, courteous, and motivated individuals.

ARIDA is committed to developing and implementing advanced techniques and technologies that improve the efficiency of security risk management. Our professionals make use of some of the best security equipment and programs tailored to meet the specific needs of our clients.

Our access to sophisticated security technology enables our professionals to investigate real life data and document highly accurate accounts of events. At ARIDA, we mine data from operations for future reference and management.

We are proud of our reputation and industry-leading staff retention rates, and we continue to set the standard for innovation, service, and enthusiasm in the industry.
